

CENS Undergraduate Scholar Poster & Demonstration Event
August 21, 12:00-2:00

IMPORTANT INFORMATION--READ BEFORE SUBMITTING OR CREATING A POSTER

If you have been working on a project this summer with other undergraduates, you should highly consider developing a poster or conducting a demo together.

Note for those of you in Kaiser's Lab: I would definitely recommend collaboration. Ideally, you would split into 3 or 4 groups, resulting in 3 or 4 posters or demos.

SUBMITTING YOUR POSTER

If you are interested in being a participant in the CENS Undergraduate Scholar Poster & Demonstration Session on August 21 from 12:00-2:00, please visit the following URL to submit the necessary information. DEMOS are highly encouraged, as we would like to have a mix of both posters and demos! If you have decided to develop a poster or conduct a demo with one or more undergraduates, only one of you needs to fill out this form. However, the person responsible for filling out this form needs to make sure they have the correct spelling of all authors to be included.

Note: If you are conducting a demo, but also wish to develop a poster, please feel free to do so.
